

DANIEL COULTER

OBJECTIVE:

Having completed my degree I would now like to pursue a career within the Multimedia sector. This would afford me the opportunity to enhance my understanding of all aspects within this industry. My goal is to become a successful web designer and developer and to work alongside accomplished professionals. This will allow me to expand on the skills that I have already acquired over the four years spent at University. My ambition is to hold a senior position within a top class design company.

INTERESTS AND ACHIEVEMENTS:

Awarded Shield for Creative Use of ICT

When leaving Glengormley High School I was awarded a shield for my creative use of ICT whilst in 6th year. This then led to me being asked to return to the school when I started University to teach the 6th year pupils and also teachers in the new skills I had developed.

Play Badminton For Greenisland Badminton Club.

I have been playing Badminton for Greenisland for three years. And last year we won the 7th Division in the Ulster League. Playing in a competitive environment has allowed me to develop my skills in performing under pressure.

ADDITIONAL INFORMATION

From an early age I have been involved in the craft world, working for both my parents and other crafts people, as well as running my own small crafts business (Auntie Dolly's). This has taken me all over Ireland to various kinds of events. I have also attended the largest trade show in the UK (Spring Fair, NEC Birmingham) on numerous occasions where I interacted with representatives of companies from around the world.
